

I Belong

INTRO:

Oh hey, yeah, yeah x4

VERSE 1:

Skies of blue
Skies of gray
And I've been looking hard to find my
way

I've seen clouds
And I've seen rain
And I'm looking for a sunny day

I know
Exactly who I wanna be
Show me
A place that's right for me

CHORUS:

I found a place
A place where I belong
Doesn't matter who I am
Or where I come from

We may all be different
But together we are strong
I found a place
A place where I belong

Oh hey, yeah, yeah x4

VERSE 2:

Tender wind
Stormy seas
I know that we will stand together
Good or bad
Come what may

I know that we will band together
We are
Exactly who we want to be
I've found
A place that's right for me

CHORUS:

I found a place
A place where I belong
Doesn't matter who I am
Or where I come from

We may all be different
But together we are strong
I found a place
A place where I belong

Oh hey, yeah, yeah x4
